Non-CME Educational Program:

Preventable Hypotension – Know More. Act Early.

Thursday, April 27, 2017 • 12:00PM - 1:00PM (EST)
Hyatt Regency Washington on Capitol Hill, Regency A

Presenters:

Prof. Monty Mythen
M.B., B.S., M.D.

Maxime Cannesson
M.D., PhD

Daniel Sessier
M.D.

Overview:

Significant differences exist in the choice and interpretation of monitoring techniques among anesthesiologists¹ Though evidence has shown that even short periods of hypotension during surgery adversely impact patient outcomes, many episodes of hypotension go undetected using standard monitoring^{2,3} This program will review the clinical implications of hypotension in the surgical setting and discuss opportunities for improvement.

Space is limited! Pre-registration is recommended

Start here. Start now.
